

# Pesticide Free Back Yard Orchards

**Tamara Richardson,  
M.Sc.**

**This presentation focuses on the ingredients that create a healthy environment for a backyard orchard - soil management, water use, tree and small fruit nutrition and organic tree fruit management. Tamara will also discuss management of specific pathogens and pests of berry crops and tree fruits.**

Bring a bagged lunch, coffee, tea, & snacks will be provided.

**When:** Sunday, May 1st 9:00 am – 3:00 pm

**Where:** Yacht Club,  
1140 River Street, Kamloops, BC

Contact: [emsedgman@gmail.com](mailto:emsedgman@gmail.com)

Preregistration is required

**Cost:** \$30

Presented by the Thompson Shuswap Master Gardeners

Canada's Tournament Capital

Tamara Richardson, the founder of Cornucopia Crop Consulting Ltd., has more than ten years of experience developing and implementing pest and soil management plans and research projects for greenhouses, conifer seed orchards, ground crops, tree fruit orchards and vineyards. She helps farms transition from conventional to organic practices. [www.cornucopiacrop.ca](http://www.cornucopiacrop.ca)
